The P.T.C.Rc.No.18527/A/48 dated 11-3-1948.

O R D E R:

The staff retrenched from the Textile Control Department as a result of decontrol can avail themselves of the age concession allowed to all temporary Government servants in para 6 of G.O.No. 839 Public (Services) Department dated the 5th April 1946 while applying for posts in other departments (viz.) that they can deduct their continuous temporary service from their age for the purpose of computing the maximum age-limit fixed for recruitment to the posts. The Employment Exchange will also assist them in finding suitable employment.

2. It is proposed to create a certain number of posts of Inspectors to enforce the provisions of the Madras Shops and Establishments Act 1947 and the Madras Non Power Factories Act, 1947. The vacancies to be filled by direct recruitment will be advertised in the Fort St.George Gazette and in the local newspapers. The staff retrenched from the Textile Control Department may then apply to the appropriate selecting authority, if they satisfy the terms of the advertisement.

3. The Provincial Textile Commissioner and the Collectors are requested to inform the staff retrenched from their offices as a result of decontrol of textiles, of the concessions shown to them in para one above. The Government do not consider that any further concessions can be made in regard to absorbing them in other departments.
